Dear Dr. Golub,

The Scientific Director and CTR's staff have discussed your request for partial support of the conference named above. Unfortunately, we are unable to consider financial support at this time because the date of the conference falls within our next fiscal and therefore our next year's budget.

We shall, however keep your request for support in our active files for consideration next fall. Should there be any changes and/or additions to this proposal, please let us know before October 1993.

Sincerely,

George A. Hashim
